CALL FOR INDUCTION

The Drone & IoT Club offers students an exciting opportunity to explore cutting-edge technology, automation, and aerial robotics. This is your chance to be part of a dynamic community that thrives on innovation, hands-on learning, and real-world problem-solving. We invite first-year students to participate in our Induction Program and take their first step into the world of drones and IoT.

Induction Process:

- Step 1: Fill out the Induction Form to register for the selection process.
- Step 2: Shortlisted candidates will go through two rounds:
 - Pen-Paper Round – A test to evaluate fundamental knowledge.
 - Personal Interview (PI) Round – To assess problem-solving skills and enthusiasm.
- Step 3: Final selection will be based on the combined results of both rounds.

Important Dates:

 Last date to fill out the induction form: 16 February, 2025

 Form Link: <https://forms.gle/N4s6fthYvC4b33348>

Now is the time to step forward and become part of this exciting tech-driven community!

NOTE : Drone and IOT Club will never ask for any money in the name of induction process
